

How to get an *email* address

1

CHOOSE AN EMAIL PROVIDER*

Gmail

Outlook

Yahoo

YAHOO!

*There are other providers, but these are the biggest.

2

SIGN UP ON THEIR WEBSITE

You will typically need to enter information such as your:

Full name & Surname

Birth date

Gender

Username

Password

3

CLICK 'SIGN UP'

Congratulations!
You now have an e-mail address.

This is what your email address will be.
EXAMPLE: eduone@gmail.com
Keep it as simple and professional as possible, the best is to just use your name.

Make sure you create a password that you will remember, but make it difficult enough so that it won't get stolen. Including a combination of numbers, capital and small letters is a good idea.
