Why Momentum Medical Scheme's Ingwe Option?

Trusted partner with IEASA relationship

Momentum Medical Scheme has been the approved and accredited medical aid partner of the International Education Association of South Africa (IEASA) for the past 22 years, with more than 32 years' experience taking care of students' healthcare needs.

Largest student medical aid provider in SA

Momentum Medical Scheme is the 3rd largest open medical aid in South Africa and the largest provider of healthcare cover for local and international students studying in South Africa. Guaranteed peace of mind comes standard when you choose Momentum Medical Scheme, giving you access to the best healthcare providers and the backing of a respected brand.

Registered with the Council for Medical Schemes plus Department of Home Affairs approved and accredited

Apart from being accredited by all international institutions in South Africa as the medical aid option of choice, we also have strong relationships with all SA embassies and missions abroad to facilitate and support the study visa application and verification process.

Digital expertise

Our digital support channels range from an online web chat facility to live help through WhatsApp. You also enjoy access to virtual help sessions and even a digital membership card.

Tailor-made benefits for students

Some medical schemes group benefits under one limit. They might argue that it gives you flexibility, but it also limits your benefits. The Ingwe Option offers separate benefits for out-of-network/emergency visits, optometry, dentistry, specialists, pathology and radiology.

Unique study visa benefit

You can ask your Ingwe Active Network doctor to assist you with your medical report and use your x-ray benefit for your single view chest x-ray for your study visa.

NINE healthcare tips and your role as a Member

Tip 1

We have agreements in place with **network providers** to ensure that your benefits last as long as possible and give you more value for your money. Please ensure that you visit these network providers only for your out-of-hospital benefits to avoid paying the treatment cost from your pocket. Visit studenthealthcare.co.za or call us on **0860 102 493** to find out where your closest Ingwe Active Network doctor, dentist or optometrist is.

Tip 2

If you need **medication**, visit your Ingwe Active Network doctor, instead of the pharmacy. This may save you from having to pay for medication from your pocket.

Tip 3

Your **emergency/non-network doctor visits** are limited - use them wisely. If you need to use the benefit remember to phone us within 72 hours after the visit. Hello Doctor virtual consultations are available 24/7, and you can also use the 3 free virtual doctor consultations per beneficiary per year if you need medical advice.

Tip 4

Visit the **Downloads** section on studenthealthcare.co.za for detailed information on your benefits and procedures to follow.

Tip 5

We issue **digital membership cards**. You will receive a link in your welcome letter. Follow the authentication steps to access your member card.

Tip 6

WhatsApp or call us on **0860 102 493** to **request authorisation** for hospital admissions, specialist referrals, emergency/non-network doctor consultations and all GP visits from the 11th visit onwards.

Tip 7

Your **medical cover starts** on the 1st of the month, as stated on your membership confirmation letter, and not when you enter South Africa or start your studies.

Tip 8

For any **membership terminations and refunds**, please remember to give us 30 days' notice. You will need to submit specific documentation. Go to studenthealthcare.co.za, select the Downloads button and then Forms to view the details of the requirements on the Bank details for contribution refunds form.

Tip 9

Download the **Momentum app** on Play Store, the App Store or AppGallery to access and better understand your unique benefits. Remember to ensure that we have your latest email and cellphone number, as we need these details to authenticate you on the Momentum app.
